I would like to thank those members who regularly attend the monthly meetings. It's a pleasure being involved again and seeing our chapter continue to play an active role in bettering our profession. Basically, three hours a month is not asking for too much of your time to dedicate to your local chapter and fellow professionals. Our next meeting is scheduled to be held at the Belmont County GIS office, 44320 National Road, St. Clairsville, Ohio. It would be great to start the New Year with a nice turnout.
