Total Attendees: 7 PLSO Members: 7 Guests: 0

Topics Discussed: Upcoming May 1 workshop.

Dual registration requirements for County Engineers- weather or not it should be a requirement that Co. Eng. should have to be dual and/or if a separate PS should be required to check mapping, description etc. to provide better oversight.

Meeting Highlight: Raffle Tickets were offered for chance for a raffle donated by Bob Akins. Several tickets were sold despite warnings of "your gonna shoot your eye out".

Chapter Concerns: (topics to be forwarded to the Executive Committee Meeting)

Consensus was split regarding dual registration requirement. Some felt that there should be a separate PS to focus more effort on survey work. Some did not.

Mike Fox expressed concern over changes to widths and alignment of road upgrades for the oil & gas industry- the plans have no alignment information on them- basically they are just a picture.
