Meeting Highlight: _____

Chapter Concerns: (topics to be forwarded to the Executive Committee Meeting)

1. Summit County Regional Planning apparently selling surveying services to a public agency– an article sent to me is attached.

2. Some horizontal well plat makers are dimensioning to GIS lines, - interpreted as a violation of item 10 of the ODNR well plat requirements in which distance ties are to PLSS lines (not to GIS lines!). Property lines and Well Unit Lines also being shown based on GIS LINES ONLY - this places property in/out of a unit that should not be, and creates problems when trying to match up with an adjoining Unit Line and acreage.
