

Boundary Zone, Inc. is recruiting for an experienced survey crew chief with boundary experience for our Worthington, Ohio division. We offer competitive salary, excellent benefits with medical, dental, vision, disability, and life for employees and their families. We offer 401k with employer 3% matching, paid time off, holiday pay, tuition reimbursement, company cell phone, and many other benefits for qualified candidates.

We are an Equal Opportunity Employer. Veterans encouraged to apply. Please read the following description before applying:

ESSENTIAL DUTIES AND RESPONSIBILITIES:

The Survey Crew Chief is responsible for, but not limited to:

- The successful and accurate completion of the field survey.
- The utilization of the proper equipment to complete the survey.
- Communicating necessary information with the client and Project Manager.
- Ability to read and understand deeds and plats.
- Proper use and care of equipment and vehicle.
- Efficient travel to job location.
- Keeping up-to-date with survey practices and construction procedures.
- Maintaining a good driving record and a valid driver's license.

EXPERIENCE:

1-5 years

COMMUNICATION SKILLS:

Ability to read and interpret documents such as safety rules, operating and maintenance instructions, and procedure manuals. Ability to write routine reports and correspondence. Ability to speak effectively before groups of customers and employees.

MATHEMATICAL SKILLS:

Ability to work with mathematical concepts such as probability and statistical inference, and fundamentals of plane and solid geometry. Ability to apply concepts such as fractions, percentages, ratios, and proportions to practical situations.

REASONING ABILITY:

Ability to apply common sense understanding to carry out instructions furnished in written, oral, or diagram form. Ability to deal with problems involving several concrete variables in standardized situations.

OTHER SKILLS and ABILITIES:

- Advanced surveying procedures
- Computer (data collection basics, CAD skills)
- Boundary terminology
- Construction terminology
- Map and plan interpretation
- Excellent knowledge of geometry and trigonometry
- Expertise in data collection
- Surveying calculations
- Excellent supervisory skills
- Excellent communication skills
- A willingness to learn on the job
- 'To think on one's feet' and make spontaneous decisions
- Familiarity with all surveying equipment
