

SURVEY CREW MEMBER

Bramhall Engineering & Surveying Company (BRAMHALL) is seeking an individual with a strong work ethic and the ability to work well in the field on a survey crew performing various types of surveying tasks, including boundary surveys, topographic surveys and construction layout. The position is full time.

Responsibilities include:

- Perform routine tasks, such as setting pins for surveys and wood stakes for construction layout.
- Take detailed field notes and provide sketches; assist crew chief and/or surveyor.
- Coordinate with office staff.
- Keep field vehicles organized and stocked with necessary supplies.
- Set up instrument and other necessary equipment at the project site.
- Download data at the end of each day.

Qualifications:

- Background in surveying or other construction or related field.
- Basic math and measurement skills.
- Ability to effectively communicate, both verbally and in writing.
- Valid drivers license required.

About BRAMHALL:

BRAMHALL was founded in 1996 in Avon, Ohio. Our core services include providing municipal engineering services, construction inspection and administration services, and providing site development services to clients in the private sector. We began offering Transportation Services for our clients in 2010 and our client base has been rapidly expanding in that area over the last few years.

We offer competitive wages, benefits, and a 401k plan in a relaxed office environment.

Equal Opportunity Employer.
