Project Surveyor / Survey CAD Technician
Woodridge, IL, Indianapolis, IN & Columbus, OH

V3 Companies Ltd. is a multi-discipline land surveying and civil engineering firm that provides services to clients in the public and private sectors. We are seeking a Project Surveyor/Survey CAD Technician to fill positions in Woodridge, IL, Indianapolis, IN, and Columbus, OH. The ideal candidate will have the following experience and qualifications.

Responsibilities include:

- Prepare and coordinate construction calculation and record drawings.
- Prepare ALTA, Boundary, Topographic, and Special Surveys.
- Manage CAD generated surface models and generate accurate contours, cross sections and profile drawings.
- Perform project research and setup.
- Prepare proposals when necessary.
- Perform field work when necessary.

Qualifications:

- Degree in civil engineering, construction management, or surveying and geomatics is preferred, or a minimum of 5 years of practical experience performing similar work.
- Proficiency in AutoCAD Civil 3D software and Trimble Business Center software.
- Ability to competently read civil, architectural, and structural drawings, including complex details, and successfully interpret for construction layout.
- Communicate with clients, accommodate client work requests, and create work order instructions for field staff.
- Construction layout and field experience a plus.
- Experience with Trimble equipment (Robotic Total Station & GPS) a plus.
- Proficient in Microsoft Office (Outlook, Excel, and Word).
- Work independently with little instruction.

V3 offers a competitive salary and benefits package including medical, dental, vision, 401(k), annual retirement contribution, paid time off and holidays. Please visit our website at www.v3co.com for additional information on V3 Companies. Qualified candidates should submit their resume to Rachel Urbanski at rurbanski@v3co.com or by fax to 630.724.0385.
