

## Survey Project Manager

Join one of the most respected and dynamic surveying teams in Ohio! KS Associates is growing, and that growth has created an opportunity to add a Survey Project Manager. This office-based professional will report to the Director of Surveying Services. This is a leadership position that requires a laser focus on Client satisfaction.

### Qualifications

- Ohio Registered Professional Surveyor;
- Minimum 12 years of surveying experience, including both field and office roles, in a variety of survey project types including boundary surveys, topographic surveys, ALTA/NSPS surveys, route surveys, GPS surveys, and right-of-way plan preparation;
- Proven project management experience;
- AutoCAD and Microstation competency;
- Experience in evaluating new survey technology and launching its adoption;
- Excellent written and verbal communication skills;
- Ability to work in a team environment – someone who shows respect for and consideration of others.

### Responsibilities

- Create happy clients by leading teams to complete high-quality projects safely, on time, and within budget;
- Plan, organize, and direct field and office personnel and activities;
- Prepare and execute Quality Control and Quality Assurance plans and processes;
- Maintain a high level of client communication;
- Develop and foster client relationships;
- Participate in and enhance our safety program;
- Collaborate with the Director in the preparation of project proposals.
