7:00 am Continental Breakfast at the Hotel

9:00 am Depart hotel for your tour of Columbus landmarks, both old and new:

The Scioto Mile - Located in the heart of downtown Columbus, the Scioto Mile is an urban oasis comprised of more than 175 acres of lush parkland. Stretching along the waterfront from the vibrant Arena District to the natural beauty of the Whittier Peninsula, our riverfront parks connect downtown to the Scioto River through an integrated system of parks, boulevards, bikeways, and pedestrian paths.

Ohio Statehouse - The Ohio Statehouse was completed in 1861 at the beginning of America's Civil War. The Statehouse is considered to be one of the most significant architectural accomplishments of the early republic. Its Greek Revival Doric architectural details and proportions give the impression of permanence, elegance and grandeur deserved by the original State Legislature. Restored to its 1861 appearance, the Ohio Statehouse maintains its historic character as it continues to function as the center of state government in Ohio.

Ohio Theatre -The Ohio Theatre is a performing arts center and former movie palace in Downtown Columbus. Known as the "Official Theatre of the State of Ohio", the 1928 building was saved from demolition in 1969 and was later completely restored. The theater was declared a National Historic Landmark in 1977 as one of the nation's finest surviving grand theaters. The tour will include the organ and light show.
