The new President- Dave Bodo, Jr. wants to concentrate on education and training in the Geographic Information Systems. He feels like Surveyors are being passed over in this growing field. The Stark County Regional Planning Department is selling GIS services to Townships for Storm Sewer mapping mandated by the EPA. This work is being done without any opportunity for the local surveying community.

John Sibila continues to lead as the chapter closes in on monumenting the Greenville Treaty Line Corner at the banks of the Tuscarawas River. It has taken some time but John assures us the event will take place this year. John also came up with an antique instrument to be purchased by Chapter individuals to donate to the auction for the PAC.
